

We can work together to
build a more beautiful Frisco.

*The City of Frisco's
Environmental
Services can help you
to find an Eagle Scout
project, get community
service hours, get new
and interesting ideas
of environmental
projects, learn how to
be a "Green" citizen,
and keep Frisco a
beautiful eco-friendly
city.*

Together we can make a difference.

Environmental Services

What we do...

The City of Frisco's Environmental Services works throughout the city to help create, manage, and build awareness of community recycling, litter prevention, hazardous material collection, and general environmental friendly practices. We do this through a number of activities including, school visits, our curb-side recycling program, advertising and articles, community clean-up events, our hazardous waste collection and recycling center, community outreach and education, and through volunteers like you!

**Frisco Recycles,
Do you??**

How we can help you!

Are you looking to do an Eagle project and don't know what to do? Are you working on a badge and need some help with a particular activity dealing with the environment? Is your group working on an environmental project and would like more information, site-visit, or guest speaker?

Then you have come to the right place.

We have helped scouts in the Frisco area find worthy, responsible, community oriented Eagle service projects dealing with the environment.

Some project ideas include:

- ☆ Setting up recycling programs in local schools, churches, or community buildings.
- ☆ Building Texas drought resistant gardens at schools or community areas.
- ☆ Developing new collection or recycling programs for special "Recycle" day programs.
- ☆ Developing water conservation programs for community areas

You can also volunteer in one of our many community service programs that run year round.

Some of our community service programs include:

- ☆ Citywide "Clean it and Green it" trash pickup events. These are done 4 times a year.
- ☆ Park cleanups and litter pickups

We also have other volunteer opportunities such as

- ☆ Stuffing New-Move-In packets
- ☆ Actors to be Rufus
